Lake Tahoe's Homewood Mountain Resort To Offer Private Skiing Through New South Lodge Rental Program

Homewood, CA Homewood Mountain Resort will introduce a new private mountain rental program during winter 2008/2009, which will grant ski and snowboard groups exclusive use the mountain's South Lodge and Quail triple chair lift. Homewood's Private Mountain Experience is the first of its kind within the Tahoe Basin.

In addition to ski club functions and private parties, Homewood welcomes corporations, associations, and businesses to host retreats and meetings as an alternative to traditional meeting settings. "Fantastic options and activities are available, ensuring that both skiers and non-skiers will have an unforgettable day in the mountains, whether it's for business or pleasure," said Wes Chapman of Homewood Mountain Resort.

The South Lodge rental program offers a unique experience at an affordable price. "For less than the price of one standard lift ticket per person at most other Tahoe resorts, parties that rent the South Lodge can meet, relax in an intimate lodge, and enjoy their own private mountain," Chapman said.

Guests can customize a South Lodge rental day to include exclusive use of the resort's 3000 square-foot South Lodge; exclusive access to Quail triple chair lift (which accesses more than 1200 acres); complimentary shuttle service from area inns and hotels; catered lunch and no-host bar; customized après-ski party in the lodge and outdoor patio; live entertainment; and après-ski s'mores and bonfire, and more. Business conference rooms, ski & ride lessons, and other special requests can be made prior to a group's arrival. Specific party needs can be customized for any occasion. A full list of package inclusions can be found at SkiHomewood.com.

"The setting at Homewood is easily the best feature of this new program. Tahoe's West Shore offers an historic ambiance found nowhere else; and the views of the lake are simply unmatched," added Chapman.

Located at the shore of West Lake Tahoe, Homewood Mountain Resort is one of California's first winter recreation resorts. Offering a family-friendly atmosphere since 1962, Homewood continues to offer premiere winter skiing and snowboarding with a focus on top level guest service and custom vacation packages. Deemed the gem of Lake Tahoe's West Shore by *SKI Magazine*, the 1260-acre mountain offers unobstructed views of the lake and surrounding peaks. Flawless, peak-to-shore grooming, the intimate setting of Tahoe's West Shore, and a classic family focused winter experience make Homewood unique. Homewood is accessible via Interstate 80 to California State Route 89, just 55 miles from Reno Tahoe International Airport. Visit SkiHomewood.com or call 530.525.2992 ext. 140 for more information about Homewood Mountain Resort.
