

## Fast Facts: Winter

Located on the magical West Shore of Lake Tahoe, Homewood Mountain Resort has been offering a family-friendly winter experience since 1961. Winner of the 2013 National Ski Areas Association Golden Eagle award for environmental stewardship, as well as the 2013 California Governor's Environmental and Economic Leadership Award, Homewood continues to offer premier winter skiing and snowboarding with a focus on guest service and unique vacation packages.

Boasting one-of-a-kind, breath-taking views of Lake Tahoe and trails that are easy to navigate; Homewood Mountain Resort is a favorite among locals and travelers who appreciate its accessibility and simplicity. Homewood's spectacular lakeside location gives skiers and snowboarders a rare, unobstructed view of Lake Tahoe, making the lake look like an infinity pool from the lifts and trails. The Resort's recent partnership with the Homewood High & Dry Marina further cements its commitment to becoming a year-round destination offering amazing views, exceptional guest service, and recreational opportunities that span from Ellis Peak to the shore of Lake Tahoe.
